Promising market niche – growing business

- 1997 – produced **3** tools,
2017 ~ **10.000** tools per year,
2018 estimate ~ **20.000** tools
- At the moment **28 %** of hand tool production is exported, and the percentage is growing: in 2018 the export volumes are estimated to reach **50 %** of sales
- Since **2014**, we started exporting to
 - Russia
 - Ukraine
 - Lithuania
 - Latvia
 - Poland
 - Estonia
 - Germany
 - Switzerland
 - Austria
 - Hungary

Every fourth tool goes to export!

Our business is based on extensive networks and close cooperation with our partners, therefore we are interested in expanding our partnership networks

We are looking for:

- Contacts
- Partners
- Distributors & retailers
- Clients
- Consulting in manufacturing techniques and new markets
- Material and component suppliers
